City of Gig Harbor, Washington

Cheryl is a residential Broker in the Gig Harbor office of John L. Scott and has been married to Mike Schoonover since January 1, 2016. Her dad was a Fuller Brush Traveling Manager and so, like so many military "brats" she moved around quite a bit, in fact, attending 11 different schools during her upbringing. In college in New York State she was a business management major. Moving, with two children to the Puget Sound area in 1989, she began a career in real estate. She and Mike knew one another for 8 years before finally tying the knot. "He is such a great guy!" Her hobby? She is "a beer and

wine snob" and, very recently, while in Portland on a brew hopping expedition, broke her (very fortunate if that has to happen) left arm, as she is right handed, while going from one brewery to another on the icy streets of that, otherwise, fair city. Amber is her favorite color and Fathead ESP, her beverage of choice. Cheryl has accepted the position as AREA's Chief beverage connoisseur advisor. Oh, yes, she also loves real estate and looks forward to meeting all of you in Santa Barbara this June.
